NATIONS WILL FIX CHARLTON'S FATE

Extradition of Como Wife Murderer a Question for Diplomacy.

HEARING IS ONCE MORE POSTPONED

Youth Shows Increasing Signs That Mind is Not Normal.

New York, June 28.—Porter Charlton's case awaits definitely upon the result of exchanges between the state department at Washington and the Italian government.

His counsel today in asking that his formal arraignment be postponed, promised that no effort would be made under habeas corpus, insanity or any other proceedings to take the prisoner out of the hands of the New Jersey authorities pending the adjourned arraignment, which, after some argument, was finally set for July 8.

Meanwhile it is expected that the international aspects of the case will have adjusted themselves and a decision be reached as to whether Charlton shall be delivered to the Italian authorities on extradition proceedings. Charlton, the self-confessed wife murderer, pale and thinner than when last seen out of doors, was brought from the jail to the court house under escort of the sheriff, shielding his face from the gaze of the curious crowd by means of a partly opened newspaper.

Eyes Fixed on the Floor.

He sat with his eyes fixed on the floor while Judge Floyd Clarke, his counsel, and Edwin Smith, representing his father, together with Prosecutor Garvan and Emil Fuchs, who has the interest of the murdered woman's brother, Captain Henry Harrison Scott, in hand, conferred with Judge Blair, of the court of oyer and terminer.

The proceedings were opened by a motion on the part of the defense for an adjournment. Prosecutor Garvan said he had no objection to offer provided it be agreed that Charlton be kept meanwhile in the Hudson county jail and that no proceedings were instituted to take him out of the custody of the New Jersey authorities.

This promise Charlton's counsel readily made and Judge Blair set the hearing for July 8.

New York, June 28.—With the arraignment today of Porter Charlton on the charge of murdering his wife in Italy the case against the former bank clerk reaches a stage which is expected to result in definite progress toward its disposition.

Although the international aspect of the case is still involved in many intricacies, the preliminary court action places the matter in shape where it can better be handled by diplomatic agencies. Even an expected adjournment had been discounted by the preparation of proofs of the crime for presentation to the court and filing in the records.

Copies of the Italian evidence of the crime are in the hands of Gustavo Di Rossa, the Italian consular representative in New York.

It was said also before the proceedings opened before Judge Blair in the court of oyer and terminer in Jersey City, the New Jersey officials had a copy of a dispatch sent by the charge d'affaires at the Italian embassy in Washington to Secretary of State Knox on the day of Charlton's arrest and requesting the young man's extradition.

Reciprocity Wanted.

In reply the marquis dae said to have received a note from Secretary Knox in which it was intimated that if Charlton were given up, Italy would hereafter be expected to consent to the extradition of Italians who commit crimes in America and flee to Italy.

The further exchanges reported in this connection were said to have resulted in a declination on the part of the Italian government to commit itself to any such proposition on the ground that an Italian penal code provision of a later date than the extradition treaty with the United States provided that no Italian subject accused of crime should be tried outside his own country. Italy was said to have made no reply to the state department's rejoinder that an international treaty should take precedence over a national law.

WHEAT RIPENING RAPIDLY.

Wheat is ripening rapidly throughout the whole country because of the continued dry and hot weather and the consequence will be that the harvest will be considerable earlier than the farmers anticipated some days ago when the indications were that it would be unusually late. The wheat is heading beautifully and a big yield is expected.

JUST CAN'T KEEP OUT O' THAT AUTO

Colonel Roosevelt Smokes to Gotham in It Despite the Rain.

FAILED TO ESCAPE BEING RECOGNIZED

Ancient Mail Carrier Who Opened His Career for Him Not Fooled.

New York, June 28.—Col. Theodore Roosevelt departed at 10 o'clock this morning for Boston, where he will attend the Harvard commencement exercises.

Col. Roosevelt came from Sagamore Hill to New York by automobile and kept secret the hour of his departure to avoid the crowds which collect wherever it is known in advance that he will be.

He will preside at the meeting of the Harvard alumni tomorrow and will make a short speech. Outside of this he has refused to disclose his plans for the trip. He expects to return home on Friday.

It had been raining all night in Oyster Bay, but Col. Roosevelt decided not to give up the trip to New York by automobile. He said that the roads were not muddy and that it was not rough going.

"I got safely to the station," he continued, "and thought I would reach my compartment unseen, but an old letter carrier, who first nominated me for the assembly nearly thirty years ago, recognized me and came up to shake hands. Then the station employes gathered around, but I managed to reach my car. Some persons followed me in here. I was reading very studiously and they did not stop."

Col. Roosevelt was alone in his compartment when the train started.

ROOSEVELT ARRIVES.

Boston, June 28.—Col. Roosevelt arrived in Boston at 2:50 this afternoon. He left the train at the Backbay station and entering an automobile with Secretary J. D. Greene, of Harvard, was taken to Cambridge, where he became the guest of President Lowell, of the university.

HON. S. D. M'ENERY DIES SUDDENLY AT HOME

United States Senator from Louisiana is Stricken Unto Death.

New Orleans, La., June 28.—United States Senator Samuel Douglass McEnery died at his home here this morning.

Senator McEnery arrived from Washington yesterday morning suffering from an attack of indigestion. He was placed in a carriage at the railroad station and taken to his home here where physicians were hastily summoned. The senator rallied somewhat after treatment, showing improvement but late last night he became much worse and early this morning he relapsed into unconsciousness. Senator McEnery was in his 74th year and his health had not been good for several years. Death came at twenty minutes to 10 o'clock this morning. At his bedside at the time were his wife, his daughter, Mrs. Warren B. Park, and one of his sons, Charles P. McEnery. Dr. Douglas W. McEnery, another son, of Washington, D. C., is on his way to New Orleans.

SANDERS FOR SUCCESSION.

Baton Rouge, La., June 28.—Governor Jared Y. Sanders will succeed the late Senator McEnery in the United States senate, according to the party leaders gathered here. The legislature is in session and Sanders' election is being arranged for. Lieutenant Governor Lambront will succeed Sanders.

LEFT WASHINGTON SATURDAY.

Washington, June 28.—Senator McEnery left Washington Saturday evening only a few hours before the session of congress closed. He appeared to be in the best of health. The present term of Senator McEnery, which was his third, would not have expired until March 3, 1915. During his service he was known as a democrat that voted frequently with the republicans. This was true particularly in tariff legislation. Throughout the last two revisions of the tariffs he contended zealously for the protection of cane sugar and was willing to make any concessions to the majority party in return for favors shown to him. At times his attitude provoked criticism from his party associates.

The fact that Senator McEnery was afflicted with almost total deafness prevented him from taking an active part in debates.

AMERICAN SCHOONER WINS.

Kiel, Germany, June 28.—The American schooner Westward owned by Alexander S. Cochrane and sailed by Captain Charles Barr continues the winning of race laurels. Today she won the schooner race to Eckernford, defeating the Germania, Hamburg and Meteor. The emperor was aboard the Meteor, which finished last.

DECLINES TO MAKE THE RACE FOR CONGRESS

A. L. Moudy Withdraws and Prohibitionists Will Name Another.

A. L. Moudy, of Waterloo, nominated for congress by the prohibitionists of the Twelfth congressional district, has declined to make the race and has withdrawn from the ticket. Mr. Moudy says that his school work takes up his time so completely that he will not have an opportunity to make a canvass of the district, and he believes the candidate ought to get into every county in the district in a speaking campaign.

The prohibitionist central committee has therefore determined to hold another convention at Auburn on Saturday, July 9, to name a candidate for the congressional race. The same delegates chosen for the earlier convention will make the second nomination.

Rev. Benneville Sawyer, the Allen county chairman of the prohibitionists, is at work in the interest of his party in the country districts. It is a waste of time to devote too much energy in the city, in the opinion of the prohibition leaders, and for that reason the effort is directed chiefly to the outside townships.

SAYS HIS MAJORITY WILL REACH 4,000 THIS YEAR

Congressman Cline Predicts His Overwhelming Re-election.

Hon. Cyrus Cline, the congressman from this district, was in the city today, coming down on the 10:35 train from his home at Angola. When met by The Sentinel he said:

"Only here on a little matter of business. Yes, I'm feeling well, both physically and politically."

"Then Judge Heaton's nomination hasn't scared you out?" said the reporter.

"Not by any means," was the reply. "I am going to be elected by a larger majority than I had two years ago. The figures will run up to over 4,000 this year. Democrats who voted for me two years will vote for me again this year, and I am going to get a good many republican votes, too."

Congressman Cline returns this afternoon to Angola. He says he will be in the district continuously now until after the election. Concerning the outlook for democratic success in Indiana this year he said it never looked brighter. He expects the state to go democratic by a good majority and that big gains will be made throughout the country by the democrats in congressmen.

SLAYER OF EGYPT'S PREMIER PAYS PENALTY

Incident Over Which Roosevelt Made Stir, Brought to a Close.

Cairo, Egypt, June 28.—Ibraham Wardani, the assassin of Boutros Pasha Ghali, the Egyptian premier and minister of foreign affairs, was hanged today. Wardani was an Egyptian student and a member of the nationalists party. On February 20 last he shot the premier as the latter was leaving the ministry of foreign affairs. His victim died on the following day. At his trial the murderer said that his motive was to avenge acts of the government which the nationalist attributed to Boutros Pasha Ghali personally. During his visit here Theodore Roosevelt addressed the students of the university of Cairo and in the course of his remarks roundly denounced the assassination, saying that those who condoned the act stood on the pinnacle of evil and infamy. Subsequently many of the students affiliated with the political opposition to British rule in Egypt gathered before Mr. Roosevelt's hotel and made a demonstration of dissent from the sentiments expressed by the former president.

NOTHING NEW FOR COUNCIL.

Pawnbrokers and Secondhand Dealers Up for Hearing.

There was nothing new this afternoon in the hands of the city clerk for the council tonight and so far as is known the only measures to be considered are the pawnbrokers and second hand dealer ordinances. These have both been in the hands of committees and the parties effected have been endeavoring to have the objectionable features removed. The police insist on a system that will enable them to get information from these establishments which offer places for the sale of ninety per cent of the goods that are stolen.

NO EVIDENCE OF WHITE SLAVERY

Grand Jury in New York Did Not Discover Organized Traffic.

J. ROCKEFELLER, JR., FOREMAN OF JURY

Many Evils Condemned in the Presentment Made to the Court.

New York, June 28.—We have no evidence so far in the county of New York of any organized traffic in women for immoral purposes."

This was the opening of the presentment made by the special grand jury, of which John D. Rockefeller, jr., is foreman, which has been investigating alleged "white slave" conditions in this city.

Those Who Profit Denounced.

The presentment denounces men who profit from the unlawful practices of unfortunate women.

Moving picture shows are condemned in the presentment, which speaks of them as creating evil in the minds of children. The presentment speaks of having found 125 massage and manicuring parlors to be nothing more or less than disorderly houses where manicuring is advertised or performed for a "blind."

The presentment suggests that laws be formed to control the operation of massage and manicure establishments. Supervision of such places by the board of health is recommended.

Condemns Concerts.

In relation to the concerts of dissolute women it recommends there be formed a crusade against them and that legisaltion be effected looking toward their extermination.

Concerning the tenement house laws the presentment suggests that they be revised on a stricter basis and recommends that a commissioner be appointed by the mayor to study the question of social evils in the cities of this and other countries.

INTO A DITCH FELL HORSE, BUGGY AND OCCUPANTS

Ran Off Bridge and Tumbled Fourteen Feet Into the Mire.

Hammond, Ind., June 28.—At a curve in a road near this city where four tragic automobile wrecks have occurred, Peter Ripley was killed and six of his friends were injured when a motor car in which they were riding crashed against a telegraph pole and turned over into a ditch early today. Ripley's neck was broken.

The automobile was driven by Irving Betz. An early morning fob obscured the view, and Betz, driving at high speed, did not see the curve. The car leaped down an embankment, dashed against a telegraph pole and then another and turned turtle in four feet of water.

Frank Bick, Frank Baker and George Heiser suffered internal injuries. Irving Betz and his brother, Frank Betz and Miss Bernice Brackett were less seriously hurt.

DOCTORS ENJOY AN OUTING.

Physicians and Their Families Holding Picnic at Park.

Members of the Fort Wayne Medical society, with their families and friends, moved upon Robison park this afternoon and at 3:30 o'clock began a picnic frolic that will engage the attention of the medical men until a late hour tonight.

With the assistance of the ladies' committee, the doctors have arranged a program that includes a base ball game between the married men on one team and the single men on the other. Then there is vaudeville, bowling, dancing and other amusements to be enjoyed, not to mention a big picnic supper in the woods. The whole aim of the event is recreation and pleasure and it is a diversion from the usual monthly scientific meeting of the society.

POWER TROUBLE IS OVER.

Traction Company Completes Repairs on Big Station.

Repairs were completed today at the big power station of the Fort Wayne and Wabash Valley Traction company on Spy Run avenue, and car service which has been hampered for a week is again at its normal stage, with some assistance supplied by the new station at Lafayette.

General Manager Emmons and Superintendent Hardy will make a trip over the interurban system tomorrow.

SUES TO GET JOB BACK.

W. E. Quinn Begins Mandamus Proceedings at Chicago.

Chicago dispatches announce that William E. Quinn, former Fort Wayne man, has instituted mandamus proceedings asking that the city be compelled to restore him to his position as city superintendent of sewers. Quinn was dismissed from the place in May following a shake-up in official circles.

SON TELLS A STORY AND FATHER IS SENTENCED

Brinker Flaunts His Shame in Presence of Lad.

Burning with the disgrace that had been brought upon him, his mother and his brothers and sister, George Brinker, a lad of twelve years, told at a delayed session of the city court today a tearful story that marked Christian C. Brinker, his father, as a man lost to all sense of shaem and that got him and Myrtie Burdoin, his paramour, fines of $25 and costs and thirty days in jail each.

Brinker is a horse trader who paraded about the court room before his trial evidently proud of the fact that he had deserted a good wife and four children and taken up his abode with a harlot. The lad stated that his father took him with him on a trip and lived with the woman as his wife and made no effort to conceal the fact from his boy. The cases were appealed and the man and woman released on cash bonds of $100, which they will probably forfeit.

Brinker and the woman have been living in a wagon near the fair grounds and they were arrested last night on an affidavit filed by the wife. He gave bond for his appearance and that of the woman and both were in court this morning. The police officers at the station were so incensed at the story that instructions have gone out to watch the couple and if they are found together again they will be locked up. The Brinkers live at Hicksville and the wife entered a suit for divorce and the husband was ordered to pay $20 a month for the support of his family. She stated that he has neglected to do this and has spent his money on the Burdoin woman.

At the close of the testimony Judge Mungovan said he would take the case under advisement until this afternoon, but fearing the couple would skip he had them called back and announced his finding and the appeal was entered to save the jail sentence.

COLUMBIA CITY HAS GIVEN NEW ROAD FRANCHISE

J. A. Barry Goes to Coesse and Larwill to Make Surveys.

The Columbia City council, at its session Monday evening, voted a franchise to the Fort Wayne and Winona Traction company, the new interurban line projected by J. A. Barry to connect Fort Wayne and Winona. The grant covers rights through the corporate limits of the Whitley county capital, and is said to be practically identical in its terms and conditions with that granted by the Allen county commissioners in this county.

Mr. Barry stated today that the interurban project is moving along nicely and that it is winning new friends daily. He left at noon for Coesse and Larwill to make surveys through those towns, and will petition the Whitley county commissioners for franchise rights through that county on July 5.

ONE KILLED HALF A DOZEN HURT IN AUTO SMASH

High Speed Round Curve in Road Near Hammond Has Tragic Results.

[Special to The Sentinel.]

With her son-in-law, Dr. Yarian, of Garrett, she was driving in a buggy from a visit to a relative in Butler township. When crossing a bridge going over the big Garrett drain the horse, buggy and occupants tumbled over into the mire below, a distance of fourteen feet.

Dr. Yarian escaped unhurt, but Mrs. Ober was pinned beneath the buggy and it was nearly an hour before she could be extricated. When taken out she was unconscious and remained so until noon today. The horse was finally saved from the mire into which it had sunk.

GOVERNOR GIVES WORD FOR FIGHT

Nevada Executive Pledges Reno Mill Will Not Be Interfered With.

DICKERSON DROPS OFF IN RENO TOWN

Final Assurance That the Battle Can Come Off Given Rickard.

Reno, Nev., June 28.—Sweeping away the last lingering fear of executive intervention with the Johnson-Jeffries battle on the Fourth of July, Governor Dickerson, of Nevada, arrived today and personally assured Promoter Tex Rickard that there was no possibility of intervention.

"I have heard no rumors recently that the fight was apt to be stopped," said the governor as he clasped hands with Rickard in the hotel. "I do not know how rumors of possible action by myself against the fight have got out. I wish to state again that I have not considered such a thing, at any rate. My previous statements on the matter stand. The state of Nevada will not interfere as the laws of the state have been complied with."

Rickard beamed in response and the governor and fight promoter strolled across the street to a cafe and sat down to breakfast together.

BAT AS BIG AS THE GOV.

Reno, Nev., June 28.—The honors of popular attention among today's arrivals were shared by Governor Dickerson and Battling Nelson, former champion light weight. "Bat" arrived on a morning train from the coast and was the center of an interesting throng when he went into the hotel.

One of the first men he met was Tex Rickard, whose career as a fight promoter began when he brought the Dane and Joe Gans together in Goldfields several years ago for the biggest purse ever offered in the prize ring up to the time Jeffries and Johnson were matched. Tex greeted Nelson cordially and gazed after the light weight admiringly as the latter went down street.

Bat Getting Ready.

"Don't think I ever saw Bat looking any better," said Tex. "Look at him step along. Seems lively, quick in his movements and all that. Bat is taking care of himself. He's out for a comeback at Wolgast. Believe me, he wont be such a short-ender either."

Rickard was in an unusually cheerful mood today. He declared that his worries were over and that the fight was going to be scheduled on time and everything in readiness. By 7 o'clock nearly 40 people had gathered at Moana.

Jeff Fools the Crowd.

They waited patiently for Jeffries to appear and get to work. He had another trick up his sleeve, however, and did not appear. He glanced out of the window, saw the crowd waiting for him and cheerfully announced that he did not propose to do any work today.

At Jack Johnson's camp it was rest day in the morning. The champion drifted downstairs later than usual and wandered around the resort with his camp followers shooting craps and keeping up a running fire of banter with everybody in range. He devoted considerable time in amusing the crowd, then went bounding up the stairs to his rooms.

"I'll be down this afternoon," he shouted from the top and disappeared.

BETTING HAS BEGUN.

San Francisco, June 28.—Betting on the big fight opened this morning at odds of ten to seven, Jeffries being the favorite. Many wagers are being placed and there is much Johnson money in sight.

HAD BIG PARADE.

At Richmond, Indiana, Spanish War Veterans March.

Richmond, Ind., June 28.—Between four hundred and five hundred Spanish-American war veterans of Indiana participated in a parade here today, one of the features of the seventh annual encampment, which will end tonight. All of the former soldiers were in uniform, and many of the uniforms worn were those that saw service in the Spanish war twelve years ago. A company of artillery from Fort Benjamin Harrison, Indianapolis, was in line. The institution of the military order of the Serpent took place last night in the Knights of Pythias temple. The election of new officers will take place this evening and the encampment will close with a military ball.

MORE TROUBLE IN BILBAO.

Bilbao, Spain, June 28.—There were further disturbances today growing out of the strained relations between the government of Premier Canalejas and the vatican.

A crowd composed of carlists and nationalists surrounded the palace of the governor of the province of Biscay and shouted "Down with the governor!"

The police were summoned and charged the demonstrators with drawn sabres, wounding a number of them.

The capitol has has been the scene of many civil clashes. In 1874 it withstood a long siege by the Carlists.

COURT CALLS THE BROWNE JURY IN

Record-Breaking Deadlock is Interrupted by the Court's Mercy.

MORE INSTRUCTIONS BY JUDGE M'SURELY

Jurors Look Good for Continuation of Siege for Several Days.

Chicago, June 28.—The great strain attending the 92 hour session of the jury which has the bribery charge against Lee O'Neil Browne under consideration was slightly relaxed at noon today when Judge McSurely, on his own initiative, brought the twelve men into court to give them further instructions.

Juror Morford appeared without a collar, his hair was disheveled and there were deep shadows under his eyes.

The others looked good for several days' confinement.

The court said:

"It is important to the state and the defendant that the jury should arrive at a verdict. It is important that they should not be deterred from doing so by any pride in an opinion hastily formed."

The twelve men then re-entered the jury room.

FORT WAYNE'S FIRST FIRE COMPANY IN 1839

Records Show This Was Pioneer of All the Old Volunteers.

In connection with the immense interest in Fort Wayne's old volunteer fire-fighting organizations, awakened by the coming of the Northeastern Indiana Volunteer Firemen's association for its tournament and convention Thursday, the question of Fort Wayne's earliest company is effectually settled by the records in the court house. A company organized in 1839 is on the face of the returns entitled to distinction as the first of the regular volunteer organizations in this city.

Ex-Recorder Ashley chanced to recall a few days ago the fact that when copies were made of the older records of the county a few years ago, his staff came upon the record of the old fire company and a little search disclosed it in the new deed record "C," page 507.

Some Well Known Names.

There were fifty-three members of the old company, and the list includes many well known names. The complete transcript of the original record is as follows:

"We the undersigned do agree to form ourselves into a fire company within the corporation of Fort Wayne, and to be governed by such rules, regulations and by-laws as may be hereafter adopted by said company, Fort Wayne, August 30, 1839.

MISS MARY DYBLE TO LEAVE HOPE HOSPITAL

Resigns Position Held Many Years—Miss Burt to Arrive Tonight.

Miss Mary Dyble, for twelve years connected with Hope hospital as supervisor and chief surgical nurse, has tendered her resignation, and will leave on July 1 the institution with which she has so long been connected. This is the second of two important changes announced to occur at Hope hospital on that date. Miss Florence Burt, the new superintendent, will arrive in the city this evening to succeed Miss Mabel K. Adams, whose resignation was announced some time ago.

Miss Dyble will return to her home in Sarnia, Ont., Canada, to be with her mother, as the marriage of another daughter leaves Mrs. Dyble alone at home. Miss Dyble has many friends in Fort Wayne, and her skill both in the training of nurses and in assistance in surgery has made her work invaluable.

Miss Adams, the retiring superintendent, is another whose work has been successful to a marked degree, and the hospital board received her resignation with much regret. Miss Adams will return to her home in Chicago. Miss Burt, her successor as superintendent, is a graduate of the Illinois Training School for Nurses. She was for four years superintendent of a hospital at Waterloo, Iowa, and has taken a post-graduate course in New York City.

ARRANGING FOR BIG CELEBRATION OF THE FOURTH

Monroeville Will Observe Holiday With Many Attractions.

Monroeville, Ind., June 28.—Monroeville is making extensive preparation to celebrate the Fourth as she never has before.

A large sum of money has been contributed by the citizens and a good program of amusements has been arranged. Mr. A. S. Robinson, who was the president of the silver jubilee given here thirteen years ago, and in whom much of the success of that noted event rested, is a member of the executive committee and is busy arranging matters pertaining to this celebration.

The day's arrangement opens with a sunrise salute of 34 guns.

At 9 a. m. a gigantic fantastic parade is to march through the principal streets, headed by the famous Monroeville band of 36 pieces and that is to furnish the music during the day.

At 10:30 a. m. there is to be an imitation "Jeff-Johnsing" boxing contest in a ring on Main street.

This event is to be followed by a band concert.

At 1:00 p. m. there will be a boys' bicycle race for prizes, followed by an endurance foot race—distance, 1,370 feet.

At 1:30 the girls' spoon race will take place. Girls between the ages of 10 and 18 are eligible to this race.

At 2:30 there is to be a base ball game at the ball park between Monroeville and Rockford, Ohio.

Following the ball game at the park is to be a log rolling contest. Six teams of 12 men each can contest for a cash prize.

At 7:30 p. m. there will be an immense industrial parade, illuminated with brilliant colors.

Following the parade will be shown the finest display of fireworks ever seen here. They are especially prepared and selected.

E. M. Johnston will have charge of the display and J. D. Alliger is to be the grand marshal of the day.

The hourly service given us by the Ohio electric line makes Monroeville an ideal place to spend the Fourth and the citizens are making extensive preparations to receive her visitors.

J. J. PETERS.

SUICIDE; NOT MURDER.

Indianapolis Youth Ended Life When Best Girl Weds.

Indianapolis, Ind., June 28.—An empty bottle that had contained carbolic acid was found after the death of Harry Gorham, 17 years old, whose body was found early today in the garden at the home of George Greenland, No. 21 South Oriental street. It was at first reported he had been murdered by a blow that had broken his neck.

Further examination showed that the boy's neck was not broken and that he had drunk the acid. Maud Stone, who lives in the Greenland family, told the police she and Gorham had been close friends, but last night they had said good bye because she was to be married to another man. Gorham was despondent, she said, when he left her.

DAMAGE HEAVY; NO LIVES LOST.

Lexington, Ky., June 28.—Cloudbursts in the mountains of eastern Kentucky last night caused damage estimated at $100,000, swept dwellings from their foundations, destroyed considerable standing timber and put many residents of that section in peril of their lives. So far as can be learned today no lives were lost.

CITY BREVITIES.

BADGER INSURGENTS SEES FATHER OF INSURGENCY

Senator LaFollette Has a Conference With Col. Roosevelt.

Oyster Bay, N. Y., June 28.—Robert M. La Follette, United States senator from Wisconsin and the father of republican insurgency, spent two hours yesterday afternoon talking politics with Theodore Roosevelt.

He left Oyster Bay wearing a broad smile.

Senator Elmer Burkett, of Nebraska, another out-and-out insurgent, is coming to Sagamore Hill after Col. Roosevelt returns from Boston. He, too, will talk politics.

Representative Madison, of Kansas, irreconcilable insurgent and ardent defender of Gifford Pinchot as a member of the Ballinger-Pinchot congressional investigation committee, will be at Sagamore Hill probably late this week.

Within the last few days Col. Roosevelt has talked politics with Gifford Pinchot and his ally, James R. Garfield.

Senator La Follette arrived early in the afternoon. He had with him G. E. Roe, a New York lawyer, who was formerly his law partner. Col. Roosevelt's chauffeur was waiting for them and whisked them away to Sagamore Hill.

Tries to Evade Newspaper Men.

The senator had pulled his hat down over his eyes and tried to escape unknown, but he was caught by a group of newspaper men, who saw the Roosevelt automobile. They tackled him on suspicion, although nobody recognized him, for his hat hid his famous pompadour.

"Not a word," he said, "I'm going to Sagamore Hill, but I don't want a word said about it."

When he returned, just in time to catch a train for New York, he looked like a schoolboy who had just won a medal. He was smiling his most expansive, persuasive smile.

"It's all right, boys," he cried jovially. "The colonel says I may talk to you."

The train pulled out and so the group of interviewers hopped on with the senator and rode to the next station.

"Did we talk politics?" he replied to the first question.

"We did," and he emphasized the affirmation.

"We talked of the legislation of the present session of congress," he continued, "from the attitude of those members of the republican party whom the newspapers are pleased to call insurgents."

"Can you go into detail?"

Says, "Pleased Indeed."

"No; I prefer that they come from Sagamore Hill. I am very much pleased with the result of my visit with Col. Roosevelt; very much pleased, indeed."

The senator for a moment recalled the happenings of the afternoon. Suddenly the smile left his face for the first time and he said impressively:

"I want to tell you that Col. Roosevelt is the greatest living American, and," he added slowly and significantly, "he is in fighting trim."

An hour later the colonel received the interviewers, who told him just what Senator La Follette said about him and their meeting. The colonel smiled as though he liked it.

"I think there is nothing I can add to what the senator has said," he commented. His face was inscrutable. He gave no sign of what was in his mind.

Oyster Bay Speculates.

Speculation among Oyster Bay politicians is keener than ever because of today's occurences. One story that is going the rounds is that the insurgents have come and seen, but have not conquered. Yet there is another group of equally positive ones who insist that the colonel has shown clearly by his acts that he is veering toward the radicals. All agree, however, that it is entirely a matter of opinion.

When Col. Roosevelt received the interviewers he was standing on the side of the hill which slopes down from his home. He wore crash golf trousers and golf stockings and a soft brown shirt, open at the throat. He was hatless. One of a group of four thickly clustered trees he had chopped half through.

"Wait just a moment, please," he called. He raised his ax and whacked at the tree with a hard, true stroke. In another minute the tree quivered and then fell prostrate.

"Great exercise," said the colonel, as he sat cross-legged on the fallen trunk, his ax across his knee.

"It is about the only exercise I get out here. I have just been in the hayfield.

Willing to Work Hard.

"I spent all the morning in going through this morning's mail," he laughed. "I am willing to work as hard as any man, but I like to get somewhere. It reminds one of the famous cat which fell into the well and climbed up one foot every day, only to fall back two feet at night. The volume of mail has become so great that I left word at the postoffice to have it all sent back to my editorial office in New York."

The colonel said that Senator La Follette and Mr. Roe were the only visitors of the day, except for two men who had come to consult him about his western tours.

He agreed definitely yesterday to speak before the Milwaukee Press club on his western tour, which begins the last of August. He also decided to make another trip early in October, in which he will speak to the Knights of Columbus of Peoria, Ill., on Oct. 12, and in Atlanta, Ga., on "Uncle Remus" day, which he said he thought was Oct. 17.

Colonel Roosevelt was asked about the report published yesterday that an operation on his throat was to have been performed yesterday morning. He laughed aloud in his boyish way.

Denies Throat Stories.

"Why, the first I heard of it," he said, "was when Senator La Follette arrived here and told me he had read that report. I have never even heard of the doctor who it was said was to perform that operation. How do you suppose such stories about me became current? You can see for yourself not only there is nothing wrong with my throat, but that I am in perfect physical condition."

As he sat there, vibrant with vitality, with not a sign of fatigue after his recent exercise, he added that he had had no trouble with his throat since his return from abroad, or, in fact, since the time King George's physician treated him.

"I contracted bronchitis when I was in Norway," he explained. "I was very anxious to make all the speeches I had agreed to make, and I did make them every one. But in England I got what is called the 'campaign throat.' singers call it the 'opera singer's throat.' Then the physician merely sprayed it; he did not even paint it. It was not even as serious as if he had been doing something with my little finger."

Other Insurgents Coming.

The colonel said the only similar occurrence in his life had been during the campaign of 1900, when he was running for vice president. He had the "campaign throat" then for a short time.

Getting back to the La Follette conference, the colonel wished to make it clear that he had not "summoned" Senator La Follette. Mr. La Follette and Senator Burkett and Representative Madison, he said, all had wired him, asking him if they might come to Sagamore Hill.

It was so late in the morning when he found the telegrams amid the day's grist of mail and wire messages that although he telegraphed for the three insurgents to come, only Senator La Follette received the reply in time to reach here yesterday. The others he expects soon.

As he finished this explanation the colonel took his ax again.

"One more and I'll quit," he said.

All the way down the hill to the gate the whack, whack of the wood chopper's steady blows could be heard resounding through the woods.

MARY IS AFTER JEANETTE.

Wants to Be Released from Her Appeal Bond.

Mary Maloly, the big Syrian woman who is the great power in the tenderloin, is all peeved because Jeanette Meyers, head of one of the North Calhoun street establishments, sued her and she withdrew from a bond she signed a short time ago to keep Jeanette out of jail. The suit sets forth that the Maloly woman promised to build a house for the Meyers woman and failed to keep her contract. She asks $500 damages.

Mary went on the warpath and wants to turn Jeanette over to serve a jail sentence inflicted by Judge J. Frank Mungovan after she had been arrested because of the presence of large quantities of beer in her house. Mary betook herself to police station and demanded that a light fine be inflicted forgetting that the influence she wielded under a former police administration had waned. Now she wants Jeanette locked up.

BANKER PLEADS GUILTY.

Cashier of Evansville Concern in Federal Court.

Indianapolis, Ind., June 28.—William Swornstedt, former cashier of the Citizens National Bank of Evansville, pleading guilty before Judge Anderson in the federal court today to the charge of violation of the national banking laws, told the judge that he made false reports to the comptroller of the currency on the basis of memoranda supplied by his uncle, the bank's president, S. P. Gillett. "I suppose I should have known better," said Swornstedt. Gillett, arraigned on the same charge, pleaded not guilty, and will be tried in September. He was released in $20,000 bail. The judge deferred sentencing Swornstedt and he was taken to jail.

Charles Niebergall, who has been a patient at the Lutheran hospital for some weeks, will be able to leave the institution within a day or two.

NEWS OF FORT WAYNE'S NEIGHBORS

POSTOFFICE FIGHT AT HARTFORD CITY

Republican Candidate for Senator Stopped Senate Confirmation of Henry Geisler.

Hartford City, Ind., June 23.—There is a pretty hot fight here over the Hartford City postmastership. The row all started over the recommendation of Henry Geisler, for reappointment as postmaster. The appointment of Geisler by President Taft, on the recommendation of Senator Beveridge, was not confirmed by the senate and that body adjourned Saturday night. The appointment was in the hands of the committee when the senate adjourned and there is some doubt if anything can now be done until next fall.

The trouble, it is claimed, all came about through the efforts of James W. Sale, of Bluffton, republican candidate for joint senator, from Wells, Grant and Blackford counties and Mr. Maddox, republican candidate for joint representative from Blackford and Grant counties.

After the appointment of Geisler had been made L. C. Johnson, defeated candidate for the postoffice, with Maddox, went to Bluffton a week ago to consult with Mr. Sale. Immediately Maddox, it is claimed, wired Beveridge that if Geisler was appointed, he, Maddox, would not vote for Beveridge if elected. It is not known whether James W. Sale went this strong or not, but it is known that he assisted in stopping the confirmation of the selection of Geisler.

RESISTED ARREST.

Bluffton, Ind., June 28.—Frank Conner, a resident of the west part of the city, is carrying several bad bruises today as the result of trying to resist arrest by Marshal Pierce last evening. The scrap occurred at the Lake Erie station and for a few minutes looked like it would result seriously for Conner. He calmed down, however, and after getting started made the trip to jail without further trouble.

ARRANGES OWN FUNERAL.

Warsaw, Ind., June 28.—Just before her death Sunday, following an illness from consumption, Miss Mabel Miller, aged 20, made all arrangements for her funeral, even to selecting the pallbearers. Her wishes were followed in every particular.

HIS HEAD CUT OFF UNDER THE WHEELS

Lake Shore Laborer Struck by Locomotive at Corunna and Instantly Killed.

Kendallville, Ind., June 28.—An Italian laborer, one of three brothers employed on the Lake Shore construction gang quartered east of this city, was instantly killed late yesterday afternoon by being knocked down and run over by an engine in the Lake Shore yards at Corunna.

The victim of the accident was walking on the right of way back of the engine attached to the work train which was backing up, and after stepping off the track, stepped back on again, just in time to be killed. His head was cut clean from the shoulders.

The Italian companions of the dead man were almost panic stricken with excitement over the accident.

THEIR MOTHER DYING

And Children Hurriedly Made Trip to Hospital at Fort Wayne.

Decatur, Ind., June 28.—Mrs. John Schug and son, George, left yesterday afternoon for Fort Wayne, where they were called by a message stating that her sister-in-law, Mrs. Philip Schug, of Berne, was dying at the Lutheran hospital. Mrs. Schug has been a patient at the hospital for the past three weeks for treatment for heart trouble and goitre. The message stated that her death might occur at any time and that she could not live at the most over a day or two. Her husband was with her at the time she suddenly became worse. Her children, Cora, Jesse and Everett, who had been there over Sunday, returned yesterday morning to Berne, and had no sooner reached home than they were summoned back, and made the trip by automobile as there were no train accommodations.

KNEW HER OLD HOME.

A Story That Shows the Memory of a Horse.

Decatur, Ind., June 28.—After a search of a week Abe Boch, the well known horseman, has recovered his horse, which disappeared from his premises, and the story of the recovery is one which proves the ability of an animal to care for herself. This one was the family mare which has been used by Mr. Boch for three years past. She was raised by John Snyder, who lives near Sheldon, and they kept her for six years. Three years ago they sold her to a man at Ossian, who sold her to Al Ringle, of Fort Wayne, and Dan Beery bought her there and she was brought here and sold to Mr. Boch.

A week ago Friday she was roaming about in the yard at the Boch farm east of town, when she decided to pay a visit to her childhood home. She trotted steadily out north, through a country over which so far as can be ascertained she had never been driven and a few hours later whinnied at the gate of the Snyder farm, from where she had been sold three years ago. The folks there were glad to see her and she had a regular picnic for several days. They advertised her in the papers and Mr. Boch learning of the fact drove over and got her. Just how the mare knew the route to her old home and figured out the shortest one, has not been figured, but that such was the case has been ascertained.

LEAVES ALL TO WIFE.

Will of the Late W. B. Nimmons, of Bluffton.

Bluffton, Ind., June 28.—The last will and testament of the late W. B. Nimmons was filed with County Clerk A. N. Plessinger by J. P. Hale yesterday afternoon. According to the will Mrs. Nimmons will be given all personal and real estate owned by the deceased at the time of his death. The fine residence on West Market street is the only property here, the remainder being the mill interests in Arkansas, which have been managed for the past two years by Ben Rainey. It is thought that Mrs. Simmons will continue to hold this and Mr. Rainey will remain in charge. The total of the property will amount to about $100,000.

A BIG FARM DEAL.

Tract of 201 Acres Sold in Huntington for $25,125.

Huntington, Ind., June 28.—Probably the biggest farm land deal which has been consummated in Huntington county was completed yesterday when Michael Wilhelm sold to Mack and Harry Sering his tract of 201 acres for the big price of $25,125. Mr. Wilhelm has lived on the farm which he now sells during the last sixty years. His intentions are to purchase a small farm and live in retirement with his son, Michael, jr. He will distribute other land in equal portions to his sons. The farm sold yesterday is five miles south of the city on the Lancaster road.

Fair Association of Huntington County Elected Officers.

Huntington, Ind., June 28.—At a special meeting of the board of directors of the Huntington County Fair association Edwin Harter was elected a member of the board of directors to fill the vacancy caused by the death of Robert Simonton. The board reorganized by the election of Edwin Harter as president of the board of directors and as general manager of the association. A. L. Beck, on account of his business interests requiring his absence from the city a great deal of the time, tendered his resignation as secretary of the association and F. E. Wickenhiser was elected his successor. Julius Dick continues as treasurer of the association.

TWO ELOPING COUPLES.

Marion Young People Go to Kentucky to Wed.

Marion, Ind., June 28.—Two eloping couples from Marion sought refuge in Covington, Ky., Sunday, where the knots were tied by ministers of that city. The elopers left the city on the C., C. & L. excursion train to Cincinnati, and crossed the river to Covington. When once on the Kentucky side the rest of the matrimonial journey was not difficult, and the two couples returned as husbands and wives.

One couple was Miss Jessie Snoke, daughter of John F. Snoke, and Darr Moore, a well known liveryman. Miss Snoke until her marriage was a well known music teacher of the city. She gave her age as 24 years and Mr. Moore gave his age as 21 years. This is the first marriage for each of them.

The second couple from Marion proved to be Ross Oates, a clerk in the Goldthait department store, and Miss Cora Eddey, also a clerk in the store. The young people were on the same train with the first couple but their intentions were not known to anyone but themselves.

WILL GO TO TOLEDO.

Bluffton, Ind., June 28.—Walbridge park at Toledo appears to be the favorite place for the annual union Sunday school excursion which will be run during the month of July and a meeting of the superintendents of the different schools will probably make their decision within the next ten days or two weeks. In several of the Sunday schools Sunday a straw vote was taken and Toledo was the choice of the majority of the people. The other places considered were Fort Wayne, Marion and Winona.

CARNIVAL LOST MONEY.

Huntington, June 28.—The carnival last week was not a money maker for the Uniform Rank, Knights of Pythias. The committee in charge of the carnival met this morning and after making a settlement of all bills, found that they were losers of from $50 to $100. One thousand dollars was taken in by the knights during the week, but this amount was not sufficient to meet all expenses, the deficit being made up among the members.

PASTOR'S NEW PLAN.

Montpelier, Ind., June 28.—The pastor of the Presbyterian church is introducing a novel feature as an inducement to the children to attend church. To those of the ages from 6 to 16 years who attend the morning services for ten weeks in succession will be given a reception and banquet at the close of the term. Rev. Mr. Bardelweir hopes in this way to get the children more interested in the church.

LOST A $400 HORSE.

Bluffton, Ind., June 28.—George Tabor, a well known farmer living west of Bluffton, lost a valuable mare for which he had refused $400, known as the Knudson mare, a bay animal that was admired by all of Liberty township. Her death is thought to have been caused by clover which she ate. Mr. Tabor sold the carcass to the Huntington Fertilizer company, but retained the hide, which he intends to have made into a robe.

THE MYSTERY ON THE HILL.

Pinchot has been there. Garfield has called. LaFollette has paid his respects. Others will go, but not Cannon nor yet Aldrich. It is not a standpat and reactionary description of company that is going these days to Sagamore Hill to be received by the illustrious occupant of those celebrated premises. Abroad Mr. Roosevelt saw Pinchot. Little more than just home, he sees him again. These visits are not casual; the conferences are not conventional. Those who have gone up the hill to the Great Presence have in sort been commanded. Theodore Roosevelt is finding out. Perhaps there later will be way made for the other side, but there is no present indication of it any more than there is that the standpats will make any strenuous seeking of an interview.

Meanwhile, Mr. Roosevelt has uttered less than one syllable upon political topics in America. From the time he first emerged from the African jungles until the present hour he has given no expression or sign of what is in his mind. He will know all about it when he speaks and that his first utterance will not be Delphic, we well may believe.

However, the colonel is not keeping his fingers off, even if he is keeping his tongue out of the pie. He conceives that the salvation of not only the republican party in New York state, but the security of the state itself greatly depends upon Governor Hughes, who is only waiting for his second term as governor to end to be elevated to the supreme bench of the United States. Hughes doesn't like that udgency and Mr. Taft doesn't like it any better. It will not greatly matter.

The things to be kept under the gaze are the much emphasized silence, the mysterious interviews that no caller must speak of afterward, the cryptic hints. Time is big with a great event. But what is to be its import? Was there ever another such mystery?

President Taft is admittedly our greatest negotiator. But in his dealings with congress he made a failure of compromise. It was only when he put aside that won't-come-off smile, took up his predecessor's club and displayed purpose to do business that he got what he was after. It is a pity Mr. Taft didn't learn the game earlier in the session. It would have been briefer and better. If he had found and got at himself during the extra session the Aldrich tariff law would not have come fourth the atrocity it is and Mr. Taft might with much more truth and candor proclaim it the "best revenue measure." That he saved to his legislative program the postal savings bank bill at all was his prim announcement that he had given up a cherished trip to Yale to see his son graduated and was prepared to sit on the job all summer but that the bank bill should come through. Mr. Taft's majority in congress is neither a progressive nor a tractable majority. He should have realized it earlier.

Take this to your pillow with you for sleepless night diversion. Republicans declare this was an economical congress—spent only $893,120,761 in fixed charges against the revenues. Democrats maintain that it was the worst ever and was a more than a billion-dollar congress. The records show that the total appropriations for expenses of the government made by the congress just closed are $1,027,133,446. Considering the general cost of living and the blessings of an Aldrich tariff perhaps that sum isn't too much to pay for what we get for it.

It appears that not even the governor of Nevada is a cock-sure proposition on the Reno prize fight. To go in and stop it after the big arena is built, the crowd there and the money spent is what every sport between the Bowery and the sage brush town would denounce as a capital crime. However, the governor appears to have been sufficiently explicit to allay all ordinary alarms.

The longest and quickest step to the safe and sane Fourth will be taken when statutes, laws and ordinances in the land make it a crime to manufacture and sell dangerous explosives indiscriminately as now are done. In most directions the educational path is admirable. In this one thing, however, the short cut by way of drastic law will answer infinitely better.

It appears that Joseph Wendling has gone off to effect a juncture with Willie Tascott so that a twin mystery maye be made of it. If the two could contrive somehow to hook up with the late Mrs. Gunness it would make a team that would do well on all the circuits.

Wall street has just had another scare over report that J. P. Morgan was dead. Mr. Morgan should quit this sort of thing. Some day it will happen to him and it would be embarrassing not to be taken in good faith.

Hi, there, Pinchot, if this conservation thing is any more than an irridescent dream, better go over and set a brake on the waste of timber at Sagamore Hill.

The only wonder is that Senor Diaz should continue to waste time and money on the pretence of an election.

CHAUFFEUR FOILS ROBBERS.

Bandits Fail in Essay to Hold Up Auto in California.

Santa Bara, Cal., June 28.—Two unmasked highwaymen attempted to hold up E. E. Ballinger, of Denver, and a party of friends last night while they were motoring north through the Casitas pass, half way between this city and Ventura. The men were armed with rifles and at the command to stop, the chauffeur speeded up and made a turn in the mountain road as the bandits fired three shots which went wild. The Casitas pass is about eight miles long and the section is sparsely settled.

NO SIGN OF A PIMPLE

Poslam Eradicates Blemishes and All Skin Troubles.

"I have been troubled with pimples and blackheads for four years," writes a Washington gentleman in the Government service, "and have used salves and blood tonics. None of them has been of benefit to me, but poslam has done the work and my face is clear, with no sign of a pimple."

The work of eradicating pimples, facial blemishes, clearing the complexion, red noses, etc., is among the easier accomplishments of poslam in which overnight results are seen. Being a strictly medicinal preparation, its properties far exceed those of the balms and lotions usually employed. In all of the many forms of skin troubles in both infants and adults, poslam produces beneficial results from first application. Eczema, acne, herpes, tetter, piles, barber's itch, salt rheum, scaly scalp, etc., yield readily to its remarkable curative properties. No matter what part of the body may be affected, it may be easily treated with poslam.

Poslam can be had for 50 cents at any reliable druggist's, particularly Meyer Bros. Or the Emergency Laboratories, 32 West 25th street, New York City, will send a sample free by mail to anyone who will write for it. This is sufficient to show results in twenty-four hours.

CIRCUS HAS NEW PARADE

Barnum and Bailey Show Presents Something Different in Street Pageantry.

On Wednesday, July 13, the Barnum and Bailey Greatest Show on Earth will present upon the streets of Fort Wayne something entirely different from what people are in the habit of seeing on circus day. They have devised something new in the way of pageantry. It was built last winter in the worshops of the show in England. It is three times as long as an seen in the past. It represents an expenditure of ten times as much money.

For the last two years the foreign agents of the show have been gathering novelties for this parade. They overlooked nothing that money could buy, unless it was too big to ship by boat. They invaded savage islands. Their expeditions extended into jungles where white men had never trod before them. They stripped art galleries and ancient palaces. They stopped at nothing. They spared no expense. The fruit of their labors cannot be expressed in words. It is a sight for the eyes.

Naturally enough this parade bears not the slightest resemblance to those of the past. It excels anything before attempted in beauty. It is world-wide in its variety. In novelty it is right up to the last tick of the clock. Every strange type of the human race is found in it. Every animal recently discovered by science is displayed in an open cage. It is a world's fair on wheels with a thousand wonders in every mile of it. Constantly passing before the eyes are the crude vehicles of savagery, the howdahs, rickshaws, palanquins and chariots of Oriental despots, carriages of state from rich empires, fanciful floats of bronze and burnished gold, engines of war, grotesque images of the pagan, Italian statuary, mythological spectacles, horse fairs, fairyland carnivals, brass bands, barbarian orchestras, tom-tom players, weird pipers, silver chimes, cathedral organs, siren pipes, chanters, dervishes, castanet ballets, kirmiss scenes, fete-day tableaus and mardi-gras pageantry.

The hundreds of vehicles are built of the finest materials. They are carved by hand labor and emblasoned with pure gold-leaf. The tapestry and throne rugs were woven in Persia and Turkey. The costumes were made in France. The laces are from Ireland. The scarfs, flags and banners are from Japan. In this parade are employed 1,280 people, 700 horses, forty elephants, thirty camels and many teams of zebras, deer, dromedaries and llamas.

When under canvas the Barnum and Bailey show covers fourteen acres of ground. It operates its own dining room, where 4,000 meals are cooked and eaten every day in the week. It has its own postoffice, library, practice rooms, dynamo plant, doctors, dentists, detective force and lawyers. Every kind of shop found in a small city is there.

The principle features of the big show program are Jupiter, a horse that goes up in a balloon and comes down amid a shower of fireworks; Charlie the First, a champanzee, who is the greatest circus performer in the world; Desperado, who leaps from the dome of the tent and lands on his chest; Victoria Codona, the best wire-walker who ever lived; the great Hungarian trained stallion that amazed Europe last winter, Winston's troupe of riding seals, the Konyot family of equestrians, the Florence family of acrobats, a brass band of elephants and the funniest clowns in the world. In the menagerie is the only giraffe ever born in America.

AIRDOME IS READY FOR RUSH

The Majestic Airdome is going to have the biggest time of its life this season, if the business of the first two days is any indication, and it is safe to predict that the summer theater will be mighty lively.

You should have seen the crowd on the opening night. It looked as though everybody in Fort Wayne wanted to show the management that they appreciate their efforts in giving clean summer amusement at a price within reach of all.

Mlle. Vanity and her "picks" top the bill. The bewildering dances contributed by the lady shows that she is a good deal of a contortionist, and it takes one's breath away to watch her.

James Dunn, monologist and imitator, is very pleasing. He infuses a lively spirit in his work and his efforts to entertain are appreciated.

Fitzsimmons and Cameron in a comedy skit, "Hazy Jane," have a corking good act. They more than please and proved themselves favorites.

Charles Carr, singing the illustrated songs, and the moving pictures complete the bill. The brand of vaudeville offered by the Airdome for the small sum of ten cents is a gorgeous success. The management is to be congratulated.

A Storekeeper Says:

"A lady came into my store lately and said:

"'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what a comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost.'"

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table so tired out that you can't eat. Just light a Perfection Stove and immediately the heat from an intense blue flame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

New Perfection WICK BLUE FLAME Oil Cook-stove

It has a Cabinet Top with a shelf for keeping plates and food hot. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

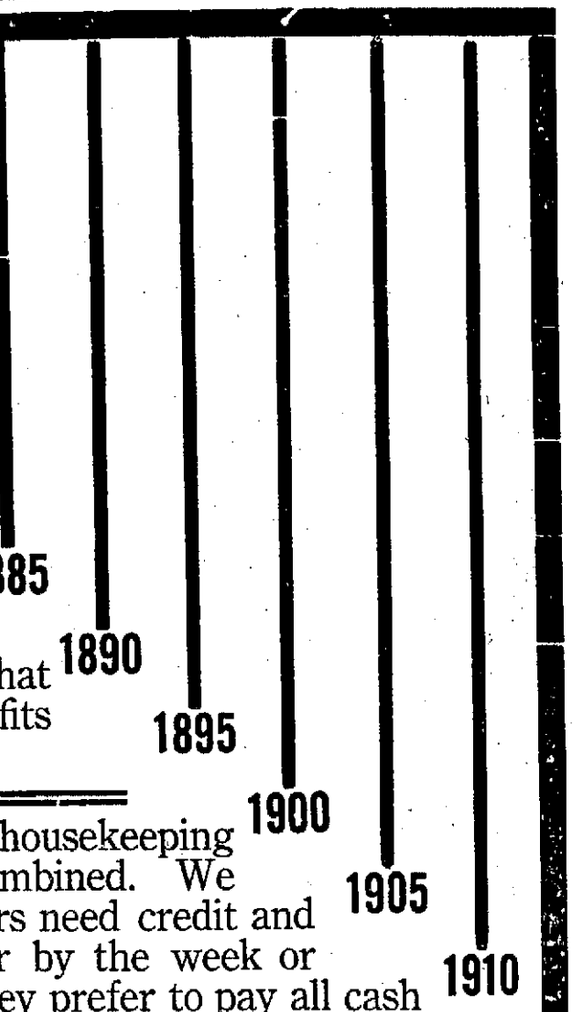
GROWTH OF THE BIG STORE

Hardly a dozen business houses that were in Fort Wayne when the "Big Store" was started in 1868 still remain in business here. Only one firm in one hundred lives out the third of a century—only the fittest survive. Many parents today are buying wedding presents for their children who tell us that they themselves purchased their wedding outfits of us 25 to 30 years ago.



And, by the way, we probably sell more housekeeping outfits than all other Fort Wayne dealers combined. We make a specialty of them. If our customers need credit and desire to pay part down and the remainder by the week or month we gladly accommodate them. If they prefer to pay all cash we give them a discount of 5 per cent.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds *himself* regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.504 Caldwell building, Monticello, Ill.

OVERBLOUSE OF CHIFFON.

POSED BY MISS SEARS OF THE FOLLIES OF 1910 CO PHOTO BY JOEL FISHER

Silk blouses matching wool skirts are not always cool enough for summer wear, but the little blouse of chiffon which may be worn over a net slip is both dressy and cool.

This overblouse is made from laurel green chiffon to match the skirt of a mohair suit and a pattern of black braiding is effectively used on the green. The blouse is worn over a cream lace guimpe with long sleeves.

Of Interest to Women

Persons who are looking for a particularly pretty sewing bag that is a convenient shape will like to fashion one after the following directions:

Cut a large round, or any desired size, and cover on both sides with plain silk, satin or a brocade. Then take pink chiffon about twelve inches wide and three times as long as the round measures in circumference. Gather one edge and sew down to the round. Hem the top over an embroidery hoop of convenient size to slip the hand in and out. No closing of any kind is necessary. The bag is just given a twist and it closes like a leather tobacco pouch.

I wonder how many women know half the possibilities of a discarded satin or silk foulard gown. This silk usually washes if carefully done, and when nicely pressed can be remodeled in a number of pretty and useful ways.

For instance, a pretty house jacket for morning wear.

Another use for it is to cut into strips and combine with any inexpensive material, such as cotton crepe, in the making of a handsome kimona.

The strips could be applied as wide borders. A double square will cover a cushion or a single square form the back of a cushion. Simple curtains for bed rooms can also be hemmed with figured foulard and will be attractive.

While examining a number of pretty collars in Irish crochet recently the thought came to me what a good investment four inch Dutch collars might be. For instance, they could be used for a bertha on one dress, the ends meeting under tiny bows or other decoration on the shoulders.

On another—a low necked frock—they might be sewed to the upper edge and so bring the waist in round Dutch effect. On a third they could be used to trim the top of the waist, meeting a chemisette of fine tucking. A bertha in one piece of this size would not only be expensive, but it would be apt to be too elaborate for general wear.

A DOCTOR'S EXPERIENCE.

Medicine Not Needed in This Case.

It is hard to convince some people that coffee does them an injury! They lay their bad feelings to almost every cause but the true and unsuspected one.

But the doctor knows. His wide experience has proven to him that, to some systems, coffee is an insidious poison that undermines the health.

Ask the doctor if coffee is the cause of constipation, stomach and nervous troubles.

"I have been a coffee drinker all my life. I am now 42 years old and when taken sick two years ago with nervous prostration, the doctor said that my nervous system was broken down and that I would have to give up coffee.

"I got so weak and shaky I could not work, and reading your advertisement of Postum, I asked my grocer if he had any of it. He said, 'Yes,' and that he used it in his family and it was all it claimed to be.

"So I quit coffee and commenced to use Postum steadily and found in about two weeks' time I could sleep soundly at night and get up in the morning feeling fresh. In about two months I began to gain flesh. I weighed only 146 pounds when I commenced on Postum and now I weigh 167 and feel better than I did at 20 years of age.

"I am working every day and sleep well at night. My two children were great coffee drinkers, but they have not drank any since Postum came into the house, and are far more healthy than they were before."

Read "The Road to Wellville," found in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Large Gloves Prevent Hands From Perspiring

If Covering is Not Too Light, Free Circulation of Air Dries the Exhudations.

Hands are less likely to perspire in summer if the gloves worn are a little larger than those usually selected. The advantage of large gloves is that the extra size permits of slight entrance of air, which dries the moisture as it exudes. Porous leather, such as chamois and suede, are cooler than dog skin and dressed kid, because air cannot easily penetrate the latter.

I go so far as to say that were large gloves worn constantly perspiring hands would be unknown, save where physical weakness takes this form. There can be no difficulty in discovering whether or not the moisture denotes a lowered condition of the system, for when it does, hands perspire excessively under all conditions, with gloves or without them.

When this happens some good tonic should be taken internally, and an external application that may stimulate the palms to better condition is made from two ounces of cologne and a quarter of an ounce of tincture of bella donna. This is put on several times a day, rubbing it into the pores.

Before putting on gloves the hands must be powdered with a mixture of one dram each of boracic acid and oxide of zinc, two drams of lycopodium powder, one-half ounce of starch and a quarter of an ounce of powdered orris. These are all blended by forcing them through coarse muslin.

The object of all external treatment is to shrink the pores so they will not give off moisture in large quantities, and frequent wiping with spirits of camphor through the day will aid in this process. Another excellent shrinking tonic is made from one dram of turpentine in which a dram of isinglass is softened. When the mixture can be worked it is blended with two drams of oxide of zinc ointment, and this is rubbed into the palms several times a day, dusting the flesh afterward with the powder, formula for which is given above.

Powdering thickly before putting on gloves will always aid in absorbing perspiration that may otherwise injure the kid, but best are those liquids which act by closing the pores.

One that is frequently recommended is made from three ounces of rose water, one ounce of elder flower water, one-quarter of an ounce of simple tincture of benzoin and five grains of tannic acid.

This may also be used on the face when the latter is inclined to abnormal perspiration.

Cleanliness Is Only One of Perfection Bread's Excellent Features

If absolute cleanliness and purity were the only desirable features of Perfection Bread, we would not urge you to buy it.

For most women bake bread that is pure and clean.

But there are good reasons why every woman should give up the burden of bread baking. Read some of them:

"Perfection" Is More Wholesome

Very rarely does the home baker get the proportion of yeast and other ingredients exactly right.

Even more rarely does she time the rising of the sponge to exactly the right moment.

The result:: Improper fermentation, causing various forms of stomach trouble.

Perfection Bread is always mixed in the proper proportions and rises exactly the right length of time. The result is easily digested and nutritious bread.

"Perfection" Has a Superb Flavor

Those who know breads instantly recognize the flavor of "Perfection." It is a true bread flavor, yet different from the others.

And the fragrance of Perfection Bread is enough to make one's mouth water, so fresh, so sweet, and such an indication of purity.

Get this perfect bread, "Perfection," at your own dealers. It costs but ten cents a double loaf, and saves you more than that in time, worry and labor.

BOARD GETS CHANCE TO RENT SPACE ON FENCE

Advertiser Wants to Use the Fences Across Calhoun Street.

Before Henry Hilgemann, of the board of public works got his breakfast this morning he had a telephone message from an advertiser who wants to rent space on both of the fences across Calhoun street where track elevation is being carried on. He said he would be down today to see about it and asked what it could be rented for. He did not get the name as the board will not rent the space.

Bids received for street sweepers at the meeting last night were not for the kind or size the board wants and it will probably be necessary to advertise again.

Complete plans for the conduit system have been received from Consulting Engineer John A. Radford and bids will be asked for the installation of the system.

Contractor Grosjean reported the completion of new cement sidewalks on both sides of High street from Wells street to St. Mary's avenue, and the board ordered preliminary assessment rolls.

Plans were ordered for cement sidewalks on the west side of Hanna street from Buchanan to LaSalle streets. Property owners on Force street, between Creighton avenue and Pontiac street, were granted the right to take up and relay their brick sidewalks.

SOAKED AS A TRUST.

Mississippi Telephone Concern Fined $175,000.

Water Valley, Miss., June 28.—The Cumberland Telephone and Telegraph company was found guilty of violating the state anti-trust law by Judge I. T. Blount in the chancery court here late yesterday and a fine of $175,000 was imposed.

The company was charged with entering into a contract with the Oxford Telephone company in Marshall county for the purpose of shutting off competition.

The case will be appealed.

PARRY CARS THROWN OUT.

Completely Barred from Further Part in Glidden Tour.

Omaha, Neb., June 28.—Two Parry cars were completely disqualified last night following a committee meeting of directors in charge of the Glidden tour. The Parry cars were the cause of the trouble at Kansas City. One car was in the competition race for the Glidden trophy and the other in the contest for the Chicago trophy. The cars were disqualified on the grounds that the rules had not been obeyed by the drivers and that they had carried their grievances to the public through the press rather than submit them to the contest board.

At One-Half Price, and On Special Sale Thursday

Colored Lawn and Dimity Frocks $2.95 to $15.00

A new flock of lawn and dimity dresses are just in, purchased while our buyer was east. They are **Mid-Summer** gowns essentially, because they embody features new and different. The woman who chooses one will have the pleasure of knowing that her dress is a **new** model, and fresh and dainty enough to wear for any occasion.

There are lawns and dimities in sprigged floral patterns and small dots. Some have plain skirts, pleated, with the new banded effect around the bottom; others show the tunic or over-drape skirts. The blouses are, for the most part, low necked and short sleeved, with many a frill or jabot of colored embroidery to relieve the simplicity. Every dress is beautifully made, down to the tiniest detail, and the values are remarkable at **$2.95, $3.95** and **$4.95**, with the finer sorts at **$10.00, $12.50** and **$15.00.**

SUIT AGAINST THE POLE FINDER IS STARTED

Cook's Companion Francke is Suing Peary for Arctic Trophies.

Berlin, June 28.—The charges concerning the disposition of arctic trophies left by him at Etah which Dr. Frederick A. Cook made against Commander Robert E. Peary during the height of the controversy over their claims of discovery of the north pole, were aired in a German court today when the suit instituted against Peary by Rudolph Francke was opened.

Francke, who was associated with Cook in polar exploration, demands $10,000 in satisfaction of prizes of the hunt which he alleges Peary required him to surrender in consideration of bringing him back to America. The defense sets up a general denial and further questions the jurisdiction of the court on the grounds that the defendant is an American citizen having no domicile in this city. After hearing the opening arguments, the court adjourned to consider the point of jurisdiction.

Peary Served With Papers.

Commander Peary was served with papers in the suit when he came here recently to fill a lecture engagement. At the time he said that he would be unable to remain here for the trial and that he had placed the matter in the hands of the American ambassador, Dr. Hill. Subsequently Commander Peary returned to the United States.

Peary's interests were looked after today by Attorney Jablonski, a partner of Victor Schneider, counsel to the American embassy, while Herr Thiel represented Francke. The latter was present but was not called to the witness stand.

The proceedings were before three judges of the provincial court. In opening for the plaintiff Thiel spoke for more than an hour, going over the whole story of the equipment of Cook's expedition, the building of the supply station at Etah on the northwest coast of Greenland, the hunting in that vicinity, Cook's departure toward the pole, Francke's illness, the arrival of Peary and Francke's return home in the Peary relief ship Erick.

Charges are Serious.

The lawyer asserted that Peary had caused the plaintiff to turn over to him certain blue fox furs and narwhal tusks as the only condition upon which he would take him from the arctic, where, if deserted, he believed he would die.

The attorney argued that the transaction was illegal in that it was consummated under stress. He said that a number of narwhal tusks then given up were later presented by Peary to Theodore Roosevelt while some of the blue fox skins were given to President Taft and Mrs. Taft by Mrs. Peary. Counsel claimed that the German courts had jurisdiction in the matter because Francke, a German, was unable to obtain redress in the United States. Replying for the defense Herr Jablonski insisted that the court had no jurisdiction for the reason that Peary had neither property nor home here. "We consented," he said, "to appear at the trial only because our absence would have been construed unfavorably in some quarters."

Counsel denied the allegations of Francke from beginning to end and said they had the same foundation as did Cooke's claim that he had reached the north pole.

Crisp News of What's Doing in the Sporting World

Patterson Goes To Bench and M'Dermott Hits Ball

Big Left Fielder in Awful Batting Slump and Burke Takes Him Out of the Game at South Bend.

Big Clare Patterson, who wanted to bet Claude H. Varnell at the opening of the season that he would bat better than .300, was taken out of the game at South Bend yesterday and Frank McDermott took his place and the little utility player celebrated the event by smashing a triple and a single and getting a base on balls.

When Patterson signed his contract in the spring he offered to bet the owner $50 a month that he would hit .300 or better, but there was never any thought of taking up the proposition, which is rather a good thing for the fielder as he would have been half a century shy on every pay day since the opening of the season.

Fort Wayne's batting slump got a jolt in the second game of the South Bend series, and as Pastorius had no chance to toss victory to the enemy Burke's band cashed in. "Willyum" Robertson, who still insists that Coshocton is near a railroad station, took his turn in the box for the fray and he had perfect control and a stock of steam that astonished his laboring pards.

He passed one man and was hit eight times, but when there were men on bases he worked in grand form and not one Broncho touched the plate during the whole engagement. During the night Dr. Carson persuaded Pastorius to stick with the Central. It's a pity that any official of any baseball league on earth is compelled to get down to a level with an umpire like Pastorius and beg him to stay. He disgusted the whole Fort Wayne contingent Sunday with his misconduct in addition to robbing the team of a game and indicated very conclusively that he can not expect the respect of the players when he has lost all self-respect. The league would be much better off without men of the Pastorius stripe.

McCarthy uncorked a wild throw in an attempt to catch Blount at first on a grounder that he had beaten a block and the runner took second, going to third when Justice beat a bunt. McDermott hit for a bag and scored Blount and Burke chipped in a short single to left that filled the bases. Gainer looped a fly to left and Justice scored after it had been caught.

Burke opened the fourth round with a double, took third on an out and scored on Donahue's triple. Moffitt returned to the game after a long illness and was an easy victim and only high-class support kept him from an awful drubbing.

JACK SHERIDAN QUITS.

Veteran of Indicator Announces Resignation at Washington.

Washington, June 28.—John F. Sheridan of the American league, for thirty years a professional baseball umpire, packed his baggage here yesterday and half an hour before the time for the first game between Washington and New York surprised Umpire Egan with the announcement that he had shouted "Batter out" for the last time.

"Egan," said Sheridan, "I've quit and you'll have to go it alone today. I'm going to Chicago on the next train."

He left a short time afterward for Chicago, where he will report his resignation to Ban Johnson, president of the American league, tomorrow morning. Egan said he had no idea of Sheridan's intention until the latter told him that he had quit. Egan thereupon telegraphed Sheridan's action to President Johnson.

Sheridan is the oldest umpire in point of service in the country. He began at Columbus, Ga., in the old Southern league and has been in the American league since its organization. He told Egan he intended to go to his home in San Jose, Cal., where he has an undertaking establishment.

It is reported among the players that Sheridan may be induced to take a position as a chief of umpires, the establishment of which has been discussed in the American league.

COFFEY GOT BOTTLE OF "OLD CROW" AS BRIBE

Wheeler Insisted on the Sale of Men and Annis Kicked.

When Eddie Coffey left South Bend on the second trip made by Eddie Wheeler and his Bronchos he missed the genial presence of the Turk and afterward found him anchored against a bar firm in his determination not to desert his post until he had licked up all the booze in the stock of that particular dispensary.

Finally a little jollying from the members of the team and the purchase of a bottle of "old crow" which was promised to Coffey as a berth mate on the team persuaded him to leave. This is the story told the representatives of the newspapers who insisted upon an explanation of the deal by which he was transferred to Grand Rapids.

Eddie Wheeler does not use liquor in any form neither does he smoke or chew and he has a very limited vocabulary of "cuss words" if he has any at all. At the same time he recognizes the fact that some very good base ball players are moderate users of intoxicants but he has no use for the men who drink to excess.

When the team got back from the trip in face of the fact that Coffey had played high class ball and had helped win ten out of the sixteen games played away from home, Wheeler called him to account and told him he must cut the lush or his job would be filled by somebody else. Annis demurred and said Coffey was playing good ball in spite of bad habits, but Wheeler said he would lose every game for the remainder of the season rather than allow Coffey to stay on the team and persist in late hours and the things that hurt base ball.

Craven had already been dropped for the same cause and Wheeler was so persistent that he finally persuaded Annis to make the trade. This is the story told to Dr. F. R. Carson, president of the league and to the newspaper representatives when they wanted to know why. If the story is true the deal looks better from every point of view.

Wheeler is satisfied with his trade as Welchonce has been hitting the ball and has minded his own business. Another angle of the deal was presented in the fact that Coffey had been Grant's right hand man for a few years and he wanted the post under Wheeler and the new manager did not want a lieutenant.

There was an awful howl about syndicate ball when the deal was made and for the protection of the players the true state of facts was not made public. This story was told the newspapers which undertook to satisfy fandom without facts and the task is a pretty hard one.

TERRE HAUTE NEEDS HEADY MANAGER TO WIN

Smith Charges All His Troubles to the Indicator Men.

"Bricelin has left our midst. There is not a fan who is not tickled. He got in bad by his 'rotten work' with both fans and players. Montgomery, of the Zanesville band, and the secretary of the club, who was with the team during the recent series, both declared Bricelin to be the worst ever."

This is a clipping from the Terre Haute Tribune and a fair sample of the continual howling, not only from the newspapers, but from Louis D. Smith, president and owner of the club. Dr. Carson stated in South Bend Sunday that "Louie" Smith has had one continuous kick since the season opened about the umpires and insists that his club is not up in the race because he has been getting the worst of the decisions.

There are just two men in baseball in the Central league who do not know the real trouble with the Terre Haute team. They are Louis D. Smith and William F. Groeschow. The club needs a manager, a good heady fellow who can take entire charge of the players, eliminate Smith as a dictator and go right ahead and win.

Small boys on the circuit recognize that Terre Haute loses more games for want of a manager than for any other reason. Groeschow is a hardworking, shortstop and fast enough for the Central league as he can hit pretty well, has a good arm and can cover the ground, but he can not successfully manage a ball team.

Taken man for man the Tots have as good a combination as there is in the Central league. In Hennis, Asher, Summers and Fred Alberts Smith has a quartet of good pitchers. Brennan is a pretty heady little backstop and Ed Goes is a good man to fall back on.

John Somerlott owes this season in the Central to the fact that he played last year under a man who could not teach him any baseball and next to Dal Gainer he is the best first baseman in the league. Murray and McDonald are both good players and Courtney, Wheeler and Barkwell look good in the outfield.

In the first place Groeschow's interference with his pitchers has become a joke. No pitcher likes to be taken out of the box before a crowd and it's a rare thing when one of Groeschow's slabmen finishes a game. The minute one gives a base on balls or hits a batsman the Tot chief signals a man on the bench to warm up. This makes the man in the box nervous and he's almost sure to pass the next batter or groove a ball that is liable to be knocked out of the lot.

Dr. Carson stated that he had sent every man he has on his staff to Terre Haute and that Smith kicks on all of them. True, Dr. Carson hasn't the best staff of umpires in the world and there is more or less kicking from every town in the league, but the observant baseball fan will not attribute Terre Haute's failure to win entirely to the umpires.

GOVERNOR LOOKS IN ON THE DOINGS AT RENO

Preparations Going on for Fight and Orders Are Coming In.

Reno, Nev., June 28.—Reno today is awaiting the arrival of Governor Dickerson, who it is understood is returning to Carson City from Ely and intends to make a brief stop here. Just what will be the governor's purpose in coming to this city has not been stated, but, in view of his numerous denials that he would interfere in any way with the fight, no one admits the belief that it would affect the big contest.

Rapid headway is being made on the arena and a force of 175 men are working ten hours a day to have it completed next Friday. The plans call for a seating capacity of about 17,000, but according to Rickert heavy orders for tickets from the east yesterday point to the possibility of much larger attendance than was at first expected and it may be necessary to enlarge the structure. To be prepared for such emergency lumber will be hauled to the site and put in readiness. If necessary another platform will be placed behind the rear top seats, providing standing room for about 4,000 persons, thus bringing the complete capacity of the arena up to 21,000. It is estimated that more than four hundred thousand feet of lumber and five tons of nails must be put in to the building before it is ready for use. The Washoe county grand jury, which is supervising the work, is overlooking no precautions for the safety of spectators. One of the biggest single orders for tickets yet received was reported last night. Representatives of three towns in the northeastern part of the state and whose combined population figures only 2,000, made joint application, it is said, for 1,708 seats. The demand has been for the higher priced reservations. Well known ring votaries continue to pour in and by the end of the week probably nine-tenths of the leading celebrities of the squared circle will be on the scene. One of the latest arrivals is Eddie McKeown, of Winnipeg, who claims to have held the heavyweight championship of Canada from 1881 to 1885.

Jake Kilrain will arrive here from Boston Friday, according to advices received by Sullivan, who is impatiently awaiting the coming of the man who gave the ex-champion one of the hardest battles in the history of the fight game.

The utmost confidence in the outcome of the contest is professed by the friends and followers of both fighters. The Moana Springs crew say Jeffries is absolutely certain of his ability to win, is so sanguine of defeating Johnson that he is giving far less thought now to his own condition than to that of his pet terrier, which is suffering from an attack of distemper, much to the distress of the pugilist. Johnson's followers likewise are confident that the heavy weight champion will retain his title without difficulty. Johnson is in a more cheerful mood as a result of his good condition that he ever before has been, his trainers say.

TIDBITS OF SPORTING NEWS

Bill Phillips has taken Gray out of the lead-off job in his batting order and put Burns up at the top. Gray is in fourth place where his slugging will do most good.

McLauren got into the game for Wheeling at Terre Haute Sunday and the Stogie outfit looks a little better than it did a week ago when pitchers were being played in the outfield.

Grand Rapids won four straight games from the leaders of the league and then played to 1,700 people on Sunday. Great baseball town that Grand Rapids.

Jack Burns, the fielding and slugging sensation of the Oakland club of the California State league, has been signed by John I. Taylor for the Red Sox and is now playing in the east. Burns broke into the game two years ago as an outlaw and this year his success has been phenomenal, equalling the record of Duffy Lewis in every way on the coast.

That big crowd at South Bend Sunday was not made up of South Bend people. There were over 3,000 excursionists in the city most of whom were attracted to the ball game and at that Fort Wayne rooters with their two bands awakened all of the enthusiasm.

Eddie Anderson, alias the Goat, is laying off at his home in South Bend and will not join Dayton although he has been strongly urged to get in the fold. He says his right shoulder is giving him trouble and he will not play ball for a while.

Eddie Wheeler's already extensive wardrobe is two shirts to the good as the result of his hitting in Sunday's game. An enterprising manufacturer gave a shirt for every hit to help beat Fort Wayne. He ought to have sent Pastorius at least a dozen.

Jim Richardson, who joined Zanesville to help out in the catching department, got spiked in his second game and added one to the already large hospital list of the Potters.

IN THE LIMELIGHT

Outfielder Pat Dougherty let a grounder get past him in the Cleveland game against the White Sox, and Olmstead, a new comer in the box, was beaten 7 to 2. The hit went for three bags with three men on the sacks.

Krause held Boston to six hits in the first game of a double-header against Philadelphia and Bender allowed eight in the second game, but both were tight with men on the bases and the Athletics took a double-header.

"Dixie" Walker held New York to five hits in the first game of a double-header, but was beaten by errors behind him. Groome pitched the second game and won allowing the same number of hits.

Cleon Webb, late of Grand Rapids, pitched great ball against St. Louis until the ninth inning when the Cardinals bumped him for three hits and two runs and won the game.

George Edward ("Rube") Waddell, suspended pitcher of the St. Louis American league, was fined $150 in police court on a charge of disturbing the peace. The fine was stayed after Waddell signed a pledge to abstain from intoxicants for one year.

Bill Burns, cast off by the White Sox, held the chesty Cubs to one lone hit for Cincinnati and won a shut-out game.

Moore allowed the Giants three hits, one a scratch, and beat New York for Philadelphia. Catcher Myers made an error that was responsible for one Quaker run.

Cliff Curtis, of Boston, was knocked out of the box in a game that went to Brooklyn.

Only twenty-nine men faced Pitcher West, of Toledo, in the game against Minneapolis and the Mud Hens won out.

Liebhardt pitched good ball for Columbus and beat St. Paul 9 to 0.

McGlynn, Schardt and Cutting were all hit hard by Louisville and Milwaukee was beaten 8 to 2.

I Cure Pelvic, Nervous and Chronic Diseases

One half of the year is about gone. Have you ever stopped to consider how much you have lost in time and money because of disease? You may not have lost a single day, but if you are unfortunately a sufferer from some chronic disease you are unable to make the most out of your work and therefore must necessarily be unable to do the work of a strong healthy man. Just as an illustration, I met one of my former patients a few days ago and he remarked that he had gained thirty-seven pounds in weight and was making ten dollars per month more than he had ever done in his life before; simply because he was well, felt good and was therefore able to do more and better work. This is the story of hundreds whom I have treated. The increased amount they are able to earn soon pays for the treatment and in addition they are able to live and enjoy life as only a healthy person can. I can cite you to many similar instances and have hundreds of letters on file from grateful patients whom I have cured; who had vainly sought relief elsewhere, and are now satisfied and thankful.

Consider a moment and determine if you can afford to postpone getting well when health will bring you an increased income that will soon pay for your cure, making it really cost you nothing; and besides permit you to enjoy the blessings of health.

You may ask why I have been able to succeed in curing these diseases when so many others hav failed. The reason is simply this:—Instead of attempting the impossible feat of trying to successfully treat several hundred different diseases, I have for over fourteen years made a special study of only a few and thereby have been able to develop new and original methods, that time and experience have proved to be vastly superior to the old methods; for THEY CURE where the others fail—restoring the diseased body to a normal and healthy condition.

OTHERS TREAT, I CURE.

Life is sacred, and given to us by an all-wise creator for a purpose. You would not think of committing suicide, yet you are probably hastening an untimely end if you do not properly look after your health. The time to do it is NOW. Do not put it off until death stares you in the face, or until the disease has progressed so far as to make your cure impossible. Do not be foolishly misled into the belief that you have not the time to attend to your health. As important a thing as health can not be neglected without disastrous result. A SOUND MIND IN A SOUND BODY, IS A SHORT BUT FULL EXPRESSION OF A HAPPY STATE IN THIS WORLD. I have been in Fort Wayne over two years and have built up the largest practice in my specialty in the state of Indiana. (I have the proofs.) This has been accomplished by doing the best work. Giving my patients the very best the world affords. In fact treating them exactly as I would like to be treated were I in their place. I use only clean advertising and clean business methods which naturally bring to me intelligent and self-respecting people; those who appreciate honest scientific methods. I have among my patients some of the best citizens of Fort Wayne and vicinity.

Call and investigate. It will cost you nothing. If I accept your case you can be certain of a cure.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated Pelvic Diseases, such as Varicocele, Piles, Fistula, Stricture, etc. I do not only remove the cause, but my many years of experience in the treatment of nervous and pelvic diseases enable me by my special methods to revitalize the entire nervous system and to restore to perfect health nearly all sufferers from nervous breakdowns and vital weakness.

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all male adults are afflicted to a greater or lesser extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove Stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

If you live out of town, wire or write on what train you will arrive and I will arrange my engagements so that I can see you at once.

There are many enthusiastic citizens in Fort Wayne prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Grant Crary, 2027 Lafayette St., Fort Wayne, Ind., says: "I was relieved of a great deal of suffering by Doan's Kidney Pills. Some months ago I was suddenly taken with a sharp pain across the small of my back and soon my hands and feet began to swell, in fact, my whole body bloated. For some time I could not stoop to fasten my shoes and I became alarmed about my condition. Fortunately I read about Doan's Kidney Pills and procured a box at Meyer Bros. Co.'s Drug Store. After using this remedy a short time my trouble disappeared and I am now in good health."

STATE DEFEATED IN TWO PURE FOOD HEARINGS

Others Are Dismissed on Motion of the Prosecution.

The Leykauf Packing company was acquitted today on the charge of selling misbranded food and this was followed by another acquittal in the case of Louis R. and Daniel Welker after which Deputy Prosecutor Harry Hilgemann dismissed action against the White Fruit house, the Old Fort Ice Cream company and Robert L. Houser.

The Leykaufs were charged with selling sausage containing starch and cereals without branding it a compound and they proved they had signs in their establishments saying the sausage had cereal in it. The Welkers said they bought lard of a Chicago concern branded pure lard and they were given to understand that it was guaranteed under the pure food laws. It contained cotton seed oil and tallow but they knew nothing of it and they were acquitted.

Hard to Get Along With.

Charles Young, a negro waiter, was fined $5 and costs for being drunk and in the course of her testimony his wife said he slapped her. He admitted that but said she is hard to get along with and he has to slap her now and then to scare her.

Chucked a Brick.

Anton Gzybowski chucked a brick through a window of a Lafayette street pool room kept by John Crist. He got mad because somebody tried to borrow a nickel off him and took a heave at the plate glass and got $25 and costs and ten days.

WANT A SALUTATION FOR SHRINERS' CARNIVAL

Nobles Seek Catchy Word of Welcome for Mardi Gras Event.

Members of Mizpah temple, Nobles of the Mystic Shrine, from Illustrious Potentate E. H. Merritt down to the most recently adopted pilgrim, are racking their brains for a popular salutation to be adopted as the official greeting during the Shrine carnival and mardi gras in Fort Wayne October 5 and 6.

Louisville used "Howdy." New Orleans adopted "Glad-U-Kum," and other cities which have entertained big gatherings of the Mystic Shrine have evolved similar words or phrases, many of them coined especially for the occasion, but all of them carrying out the idea of welcome. The desire is to secure some simple, easily-pronounced and easily remembered phrase which will quickly fall into universal use as expressive of Fort Wayne's pleasure at the presence of the visitors. "Get Acquainted" and "Nuf Ced—It's Yours" are two suggestions already made.

Big Electrical Pieces.

Included in the purchase from New Orleans are more than half a score of electrically illumipated emblems which will be swung across the streets of Fort Wayne during the meeting of the Shriners here next October. Among these are a camel 12x12 feet in size; three crescents and scimitars, 10x12 feet; a fez, 12x14 feet; a moon, 10x12 feet; five reproductions of the sphinx each 9x14 feet, and three pyramids each 8x10 feet.

Negotiations are also under way for the purchase of vast quantities of bunting, flags and other decorative material for use on that occasion.

THAT BROWNSVILLE CASE.

Captain Lyons Will Offer His Defense in Famous Case.

Washington, June 28.—Capt. Samuel P. Lyons' defense to the charges preferred against him as the result of his testimony in the Brownsville investigations will be presented today to the court-martial which is trying the captain at Fort Myer.

Lieut.-Gen. S. M. B. Young, retired, who is Captain Lyons' accuser, finished his testimony. The charges accuse Captain Lyons of falsifying the ammunition record of his company when an inventory was taken after the Brownsville shooting.

The defense is expected to attempt to show that General Young is not the bona fide accuser of Captain Lyons, but that he has allowed his name to be used in preferring the charges to hide the actual complainant.

UGLY STRIKE IN OHIO MILLS.

Martins Ferry, O., June 28.—The Laughlin sheet mill of Whitaker, Glessner & Co., employing 1,200 men, was closed today by a strike of a large majority of the men refusing to work with others who refused to pay a 10 per cent assessment for strikers. The double house from which the mill strikers were evicted was dynamited today. No one was injured.

FIRECRACKER FATALITY.

Reading, Pa., June 28.—The first fatality caused by fire crackers occurred here today when Mamie, the seven-year-old daughter of Wm. Fox, was burned to death. The child was playing with the ordinary fire cracker when sparks ignited her dress and in a few moments she was ablaze from head to foot. She died several hours later in a hospital.

SCARED INTO SOUND HEALTH.

Mr. B. F. Kelley, Springfield, Ill. writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Dreier Bros.

THE CONSERVATION OF NATURE'S RESOURCES.

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I. realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to negelct taking Foley's Kidney Remedy until it is too late." Dreier & Bro.

Col. E. L. Chittenden was the hero of the saengerfest parade yesterday. Fair girls heaped flowers upon him, and on the back of a snow white Arabian steed he looked every inch a chieftain. He accused Dr. Mordhurst of attempting to entangle the military.

This is the authorized Uniform Edition of all my books Mark Twain

THIS complete set of all the great humorist's works breathes his spirit—the spirit of eternal youth—they are new books; to own them is always to have new books, a fountain of youth. They never age, because humor, kindliness, and truth never grow old. Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author from photographs and paintings taken at periods when the different books were in process of writing. This edition includes his later collected writings, such as "Eve's Diary," etc., etc.

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers and will be handed down to posterity through the trio of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature."

THERE are beautiful pictures by such artists as Brown, Frost, Newell, Beard, Dielman, Smedley, Thulstrup, Clinedinst, Mora, Weldon, Kemble, Gilbert, Du Mond, Merrill, Opper.

THE binding is in rich red rep silk book cloth with title labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 5x7½ inches.

HATTERSLEY FIRM GIVEN CONTRACT

Will Do the Plumbing in Electric Works' New Buildings.

L. E. & W. TRAINS IN A COLLISION

Mail Clerk Pitcher Hurt and Engine and Cars Are Damaged.

Yesterday the Fort Wayne Electric company awarded the contract for the plumbing for the big office building and factory now in course of erection at the Broadway plant. The successful bidder was A. Hattersley & Sons and the sum involved, the exact figures of which could not be learned, is the largest, it is said, in the history of the plumbing trade in Fort Wayne. There remain to be let yet the carpenter and the paving contract and two or three other contracts for the big factory plant, but over half of the work has already been given out. Henry Wehrenburg will do the concrete and brick work and has a part of the former well under way. The Engineering company has the contract for the structural steel work and a Chicago company has the contract to build and erect the two immense steel tanks which will tower many feet above the big building. So far the Electric company has placed all important contracts, except the tanks, with Fort Wayne contractors. General Manager J. J. Wood said this morning that inside of the next two weeks the company would close the little street known as Factory street just south of the present office and open the new street along the north side of McCulloch's park, which will also be called Factory street. The tunnel work, which Contractor Wehrenburg has had in hand for some time, is nearly completed.

Passenger Train Dashes Into Freight Cars.

Incoming passenger train No. 38, on the Lake Erie and Western, ran into a string of freight cars at Montpelier at 1:30 o'clock yesterday afternoon and painfully injured Mail Clerk Pitcher and damaged the engine and several cars. While the injuries of Mr. Pitcher are not dangerous, they were severe enough to prevent a continuance of the trip to Fort Wayne and Dr. J. M. Dinnen, the company surgeon, went to Montpelier last night to attend him and he came here this morning. The road was blocked several hours and the train did not reach this city until 6:30 o'clock, being three hours behind time. Mr. Pitcher resides on Second street, where he is now resting easily.

HAS A NEW MANAGER.

Charles Hausbach Takes Charge of Wabash League Team.

At a meeting of the Wabash shop league team last night Charles Koenig presented his resignation as manager, which was accepted. Charles Hausbach, a machinist at the shops, was elected manager and immediately assumed that office. This announcement will be received with surprise by the league players. Another matter of news concerning the league is the change of place for the game Saturday between the Bass and the Knitters' teams. It will take place on Lawton Park grounds, the weeds on the Van Buren grounds having reached such height as to make ball playing their almost impossible.

SIX MORE COMPANIES COMING.

Additions Will Bring Total in Fire Contests to 29.

William F. Melching this morning added six names to the list of volunteer fire companies that will be here next Thursday to participate in the greatest tournament the middle states ever winessed. The additions are the companies at Auburn, Matthews, Markle and Farmland, Ind., and Hicksville and Continental, Ohio, and each claim they will be accompanied by a big number of the residents of their respective cities. These bring the number of volunteer firemen's companies who will be here up to twenty-nine and the number of bands up to fifteen. Letters and telephonic messages from all of towns hereabouts indicate an enormous interest in the tournament and presage a big attendance. All the arrangements for the event has been made, so far as it is possible to make them, and no matter how large the crowd, there will be no cause for complaint of the manner in which the visitors are received and entertained.

"THE BEST OF ALL"

Was the Outing Yesterday of the Pennsy Employes.

According to the participants, the annual picnic at Maxinkuckee of the Pennsylvania employes was the best they ever had and all say that they will vote on Maxinkuckee as a picnic place hereafter. They are exceedingly grateful to the railway officials and the men at the park for the courteous treatment they received and the excellent manner in which the trains were handled both en route to the resort and on the homeward journey. It was expected there would be a little delay at Plymouth, but there was none and the somewhat long distance was covered in remarkably short time and no complaint was made of weariness. All were delighted with the water, the grounds, the boating and other pleasure facilities and the excellence of the fishing, also with the excellent facilities afforded for taking care of big crowds. The excursionists numbered a few over 2,300 and not an accident nor unpleasant incident occurred to mar their pleasure.

ABANDON ALL IMPROVEMENTS.

Nickel Plate Decides to "Husband" Its Cash.

The fifty miles of second track planned as one of the improvements on the Nickel Plate this year will be built some other time. This is one of the results of legislation on freight and passenger rates by the government. Only such work as is necessary to keep the road in good shape will be done by the maintenance of way department of the Nickel Plate this year. Business is good on the road, however, and conditions in that way are in no wise responsible for the economical move which has stopped all improvements.

TO CLOSE FOR INVENTORY.

Wabash Shops Will Shut Down Thursday and Friday.

The semi-annual inventory of the stock in the Wabash shops and on the road will be taken this week and to facilitate matters the shops will be closed Thursday and Friday. The order does not affect Saturday and it is presumed that the works will run in the forenoon of that day at least.

RECOVERS FROM BROKEN ARM.

E. J. Nettler, a clerk in the Pennsylvania boiler shop office, was able to resume that work this morning. Two months ago he had one of his arms broken while playing ball.

TOOK ON SEVERAL MORE MEN.

The Wabash shops have taken on several new men lately and this morning the following were added to the pay rolls: Hugh J. Conway, Harry Shaffer, Jesse McGrady, J. F. Williams and C. R. Field, all but the first named being boilermaker helpers.

TO EXTEND DEPOT PLATFORM.

Experience has demonstrated the inadequacy of the platform at the temporary station of the Wabash on Broadway and the announcement was made this morning that it would be extended westward and northward about forty feet, taking in the vacant space west of the little depot which was used for hacks and express wagons and these will use the street hereafter. The change of stations seems to have had no effect upon the business of the Wabash other than to make it heavier, for it has been heavier since the removal than it was for the week or two preceding it.

NEW ASSISTANT BAGGAGEMAN.

Baggagemaster Louis Lussenhop, of the Wabash, has a new assistant in the person of Herman Juergens, who began work at the Broadway station yesterday. Mr. Juergens was for some time employed in the Pennsylvania machine shop, a position he resigned Saturday.

ARE NOW CHAMPIONS.

Yesterday afternoon A. L. Hadley and T. W. Behan wrested the championship of tennis players at the Fort Wayne Electric works from P. C. Morgenthaler and F. Morrison, who enjoyed that distinction for several months. The game and its results is the talk of tennis circles today.

HIRED THREE SWITCHMEN.

The conditions at the Wabash yards, brought about by track elevation work, has greatly increased the duties of the switchmen and made a larger force necessary. This morning Yardmaster Dennis Hayes hired three more switchmen and they are already at work. Switching which was formerly confined to a small space down town is now extended over a territory about two miles long.

BIDDING FRIENDS GOOD-BY.

Charles Anderson, of Toledo, was here today, circulating among the Wabash employes and saying "good-by" to them. Mr. Anderson, who is general foreman of the car department of the Wabash, headquarters at Toledo, retires from that position Thursday night and will be succeeded by James Meehan. Mr. Andrson will engage in the lumber business with his brother.

BURIED AT PERU.

J. P. Cosgrove, the Monon yard conductor, whose death at Lafayette was mentioned by the Sentinel yesterday, was buried in Peru this afternoon. The wife of the deceased, who was in this city when her husband died, immediately went to Lafayette upon receipt of the news and had the remains taken to Peru for interment, that city having been their home for a number of years. Mrs. Cosgrove is a sister to Warren, Frank and Charles Rogers, of this city, and they are at Peru attending the funeral. They buried their aged father here last week and Mrs. Cosgrove attended the funeral and had not yet returned to her home when her husband died.

ELECTED TWO NEW OFFICERS.

The Fort Wayne Federation last night filled two offices which had been declared vacant on account of nonattendance on the part of the men elected to them last January. Edward Lampke, of the Plumbers, was elected vice president, and F. P. Felt, of the cigarmakers, was elected sergeant at arms. The Federation declared in favor of the safe and sane Fourth of July and the anti-tuberculosis movement. An invitation from the Women's Union Label league to an ice cream social to be given by them Friday night was read and accepted and the revision of the amendments to the constitution was read for the second time and passed to a final reading at the next meeting. The attendance last night was not very large.

The Bass boiler shop has completed a contract calling for four 202 horse power boilers, of the water tube pattern, for parties in Iowa and will ship the last one tomorrow. The other three went some days ago.

Oliver C. Goldsmith, the banker who died in Lafayette from sunstroke Sunday, was in early life a railroad builder and is well known in railway circles. He built a good portion of the main line of the L. E. & W.

The business of the Detroit, Toledo and Ironton road is so heavy that the company has been compelled to lease some engines. Fifteen borrowed locomotives were put into service last week on that line.

C. N. Kickley, an electrician at the Pennsylvania shops, left yesterday on a visit and vacation trip which will consume about ten days. He will first stop in Cincinnati and go thence to Pittsburg and Toledo, stopping a day or two in each city.

The section men on the Louisville division of the Illinois Central system threaten to strike if their demands for increased wages are not granted. They get $1.10 per day and want $1.5[illegible] If the strike occurs, it will involve 2,000 men more or less.

Dwight C. Morgan, general manager of the Pittsburg & Shawmut railroad, a little coal line, announces that the road will enter Pittsburg through an agreement with the Pittsburg, Bessemer and Lake Erie. The P. & S. is building a line from Freeport to Houseville, a distance of fourteen miles, where connection with the P., B. & L. E. is to be made.

WILL MARCH IN PARADE.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., June 28.—Big selling of wheat presumably on eastern orders was done today by a firm that has been the largest buyer here during several successive sessions. This fact with much profit taking by other traders wiped out a fresh advance of 1¼ which marked the opening this morning. The September option which started at $1.00⅞ to $1.01⅝, covering the extreme range in the rise, fell to exactly last night's figures, but quickly rallied to $1.01¼. Continuance of strength was due to clear hot weather in the drought stricken northwest. One dispatch from North Dakota went so far as to predict only a third of the usual yield in that state. On the other hand the foreign crop condition was reported generally favorable with harvest beginning auspiciously in southern Europe.

Rains relieved fears for corn, but did not stop scattered purchases based principally on the bullishness of wheat. September started unchanged to ⅛c higher to 60½c, declined to 59⅞c, and reacted to 60⅛c.

There was heavy selling of oats by a local speculator. The crowd followed suit. September opened unchanged to ⅛c up at 38⅞c to 39c, dropped to 38½c and recovered to 38⅞c.

Smaller manufacturers were hedging hog products. In consequence the market was easy and 2½ to 7½c down. First prices for September option were pork, $22.45; lard, $12.37½; ribs, $12.40.

STOCKS AND BONDS.

The Day on Wall Street.

New York, June 28.—First prices of stocks today showed general concessions from yesterday's closing, but the volume of dealings were moderate and there were no violent declines in the leading active stocks and there was a sprinkling of gains in stocks of secondary importance. Atchison, American Car and American Agricultural Chemical lost 1 and Reading ⅝ point.

Stocks were unloaded in great volume and prices gave way precipitately. Some of the leading stocks, such as St. Paul and United States Steel, touched the lowest prices of the year, and the whole market was one of great weakness. Declines of between 1 and 2 points were registered in about everything traded in. St. Paul broke 3¼, Union Pacific, Great Northern preferred and Canadian Pacific and Reading, Atchison, Northwestern and Northern Pacific 1½. Active covering by shorts caused a quick rally of 10@10⅜ in a half dozen stocks and the market was holding well at 11 o'clock with activity decidedly diminished.

Trading quieted down materially after the recovery was extended, losses were reduced to fractions for the most part. The good crop news from the corn belt was reflected in a gain by Rock Island preferred of 1¾ and Kansas & Texas 1. A six hundred share block of Lackawanna sold at 539, a decline of 209. American Express fell 1. United States Pipe preferred 9 and Northwestern 2. The selling of stocks was attributed to general dissatisfaction with business conditions aggravated by the deterioration in spring wheat. The tone was rather unsteady at noon. Bonds were irregular.

More buying orders were distributed and the market overcame its heaviness for a time. The list began to sag again later, the reaction from the rally reaching a point in some of the speculative leaders.

There was a slow hardening movement in response to supporting orders that brought prices back approximately on a level with yesterday's closing. The dull trading furnished a marked contrast to the early activity on the decline.

Redfern Whalebone Corsets

Receive their laurels as the prima donna receives hers. These corsets are the inspiration of corset designers all over the world, as they are the foremost in style—so advanced are their lines that they denote a full season ahead the figure fashion to come.

The figure is not necessarily reduced in a Redfern. It is made to look slim through the proper distribution of the flesh in the corset, which gives long, straight lines by not curving the waist.

In the very latest Redfern models the cloth of the skirt extends beyond the boning section, making the corset perfectly comfortable, sitting, standing or walking.

Dr. Williams' Pink Pills Cured Mrs. Sidle of Stomach Trouble So She Tried Them for Rheumatism and Got Well.

In cases of weak stomach where the patient is pale and the blood thin, the first step toward restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, if errors in diet are avoided, nature will work a cure. This is known as the tonic treatment for indigestion and is well illustrated by the experience of Mrs. Curtis Sidle, of No. 71 W. Larwill street, Wooster, Ohio, who suffered from stomach trouble for several years. Mrs. Sidle, whose husband is a retired farmer, is well known and respected in Wooster. Her experience follows:

"We formerly lived on a farm and I think my stomach trouble, from which I suffered for six years, was brought on by overwork. My blood was in bad condition and nothing that I ate agreed with me. I would have spells when my heart palpitated so that I would have to lie down. The constant suffering made me nervous and weak.

"Our doctor said my trouble was indigestion but I could not see that he helped me although I doctored with him for over two years. I was naturally discouraged and later when a friend urged me to take Dr. Williams' Pink Pills I bought a few boxes for a trial. In a few days I saw a great change. I took the pills a while longer and was cured.

"About a year later I was taken with rheumatism which followed an attack of the grip. My left arm and shoulder were so crippled that I could not dress myself alone and my left knee was swollen and gave me a great deal of pain. I went back to Dr. Williams' Pink Pills and they cured me of the rheumatism also. So I can recommend the pills highly and think they deserve all the praise that can be given them."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened digestive system has made hundreds of remarkable cures.

OFFICERS WILL GET TOGETHER IN A BATTLE

Organization Will Begin the Fight Against Tuberculosis.

Within a few days officers of the Society for the Prevention of Tuberculosis, organized at a meeting held in the assembly room at the city hall last night, will hold a meeting at which plans will be formulated for the establishment of an outdoor system of treatment for consumptives, which will be paid for out of Fort Wayne's apportionment of the $3,800 received Christmas for the sale of Red Cross stamps. The officers chosen last night are:

S. M. Foster, president; Dr. Eric A. Crull, vice president of medical division; Father Joseph F. Delaney, vice president of sociological division; Mrs. Clark Fairbank, vice president of financial division; John Werkman, vice president of organization division; Miss Italia Evans, secretary; H. C. Paul, treasurer; A. J. Moynihan, Judge R. S. Taylor, S. F. Bowser, S. M. Foster, S. B. Fleming, board of directors, and Mrs. C. M. Dawson, Mrs. S. S. Fisher and A. F. Naylor, committee on organization.

Dr. F. A. Tucker, of Noblesville, chairman of the committee organized in the state to take up the prevention of the disease, delivered a talk on the progress that has been made in the other cities of Indiana, which include South Bend, Lafayette, Indianapolis, Evansville, Terre Haute, Connersville and Richmond. His talk was instructive and directed toward explaining the great advantage to be gained from preventing the spread of the disease, which medical authorities all over the world regard as the only means by which it can ultimately be stamped out.

An effort will be made to obtain the use of grounds for the erection of shelter houses in event of inclement weather, but patients will be expected to spend most of their time in the open air, sleeping outside and spending the days in the sunshine.

Great interest was manifested at the meeting and members of the new organization will soon agree upon a plan of action and within a short time the camp will be a reality.

WHAT A SUMMER COLD MAY DO.

A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system." Dreier Bros.
